  **EDGE OF NORWAY**

The venue for the conference is in the citycenter of Stavanger; **Radisson Blue Atlantic Hotel**.

The social program of this year will be outstanding!

Thursday evening we will have our party at the hotel, enjoying a fantastic galadinner in the magical Atlantic Hall. We promise good food, good music, good vibes and of course some entertainment.

Friday afternoon we will sail the fjords to reach the best preserved medieval monastery of Norway. **Utstein Monastery** is mentioned in historical records going back to the 9<sup>th</sup> century, when it was cited as King Harald Fairhair's garrison after the Battle of Hafsrfjord where Norway was unified under one monarch.

The Utstein Monastery is believed to have housed 12 monks and their servants that would look after the farm, do the building work and prepare the food.

The Church is unique in Norway with its tower situated centrally between chancel and nave. Of course we will organize a special mini-concert in this historic place just for you.

In the evening we will enjoy a delicious dinner at **Utstein Kloster Hotel.**, located on the ocean's edge at the island of Mosterøy, Mosterøy is an idyllic rural island with long traditions of serenity and spiritual renewal. The hotel is a different meeting point for guests who long for something other than everyday life can give you. This evening we will have live-music by the local band **Loveguns**, singing and dancing. Our return to Stavanger will be by buses – driving the world's longest and deepest subsea tunnel, **Rennfast**.
